Back in Time

The Ultimate Huey Lewis & The News Concert Experience

About

About Back In Time

Back In Time captures the sound, energy, and excitement of Huey Lewis & The News at their live-performance peak.

The inspiration has a personal connection for bandleader and musical director Paul Garrett. While performing at the Adam's Mark Hotel in Philadelphia, Paul had an unforgettable encounter when Doc Kupka, legendary baritone saxophonist of Tower of Power, sat in with his band. Tower of Power was touring with Huey Lewis & The News at the time, giving Paul the opportunity to meet members of the rhythm and horn sections that night. Making it even more memorable, it happened to be Paul's birthday—an experience he has never forgotten.

That connection helped inspire Back In Time: not a scaled-down tribute, but a 10-piece band featuring a powerhouse five-piece horn section, recreating the big, horn-driven sound of the era when Huey Lewis & The News toured with the legendary Tower of Power horns.

Featuring hits including "The Power of Love," "The Heart of Rock & Roll," "Hip to Be Square," "I Want a New Drug," and "Back in Time," the band delivers an authentic, high-energy concert experience.

10 Pieces. 5 Horns. All the Hits.

Short bio

Back In Time recreates the sound, energy, and excitement of Huey Lewis & The News at their live-performance peak. This 10-piece band features a powerhouse five-piece horn section and hits including The Power of Love, Hip to Be Square, and Back in Time.

Full press bio

Back In Time is a 10-piece band recreating the sound, energy, and excitement of Huey Lewis & The News at their live-performance peak. With a powerhouse five-piece horn section, the band brings back the big, horn-driven sound of the era when Huey Lewis & The News toured with the legendary Tower of Power horns. The repertoire includes The Power of Love, The Heart of Rock & Roll, Hip to Be Square, I Want a New Drug, and Back in Time. Bandleader and musical director Paul Garrett's personal connection to that era helped inspire the project.
