The Temptations Revue

A Tribute To The Temptations

About

Evans was specially selected by original Temptations lead singers Eddie Kendricks, David Ruffin, and Dennis Edwards to join the group. Following the passing of these original members, Evans now leads the group with his soulful voice in this spectacular tribute performance. Nate Evans was the former lead singer of the Rock-n-Roll Hall of Fame inductees, The Impressions.

Much more than a tribute! This show is a musical extravaganza dedicated to the late Temptations... filled with songs from the library of one of the greatest Motown acts of all time...therefore, the moves and arrangements performed by this group are a replica of the original Temptations show.

The Temps hits include "The Way You Do The Things You Do," "My Girl," "I Wish It Would Rain," "Since I Lost My Baby," "You're My Everything," "I'm Gonna Make You Love Me," "Get Ready," "Ain't Too Proud To Beg," "(I Know) I'm Losing You," "Cloud Nine," "Psychedelic Shack," "Runaway Child, Running Wild," "Ball Of Confusion," "I Can't Get Next To You," "Masterpiece" and "Just My Imagination."

When five men took the stage nearly 40 years ago their stunning harmonies and tight choreography combined with excellent leads to create a legend. The Temptations made musical history with their string of fabulous pop and funk hits in the sixties and seventies and managed to weather a steady stream of changes in personnel and consumer tastes to be able to continue the history.

The Temptations started performing on bus tours called The Motor Town Revues that crisscrossed the country and drew scattered crowds. But those crowds became larger and larger until there was a legion of dedicated fans. The Temptations, working first with Smokey Robinson and then with others, scored hits like “My Girl,” The Way You Do The Things You Do,” “Get Ready,” and “Ain’t to Proud to Beg.” As trends began to change, so did The Temptations, thus bringing about a string of politically charged songs like “Cloud Nine,” and “Ball of Confusion.”
